Pioneering into the Future Rising to Meet New Challenges

When the civic-minded leaders of the young telecommunications industry created Pioneering in 1911, they could hardly have imagined that a century later, the group they founded would have grown into a world-class volunteer organization, devoting more than 15.5 million hours of service every year.

As the excitement surrounding our 2011 Centennial continues to grow, a once-in-a-lifetime opportunity has arisen - a Centennial Matching Gift challenge!

Generous supporters like AT&T, Canadian Pioneers, Qwest, Verizon Pioneers, and the TelecomPioneers Charitable Fund have stepped forward and offered additional new funds - above and beyond their reliable annual support - to challenge all Pioneers to financially support the innovative Centennial efforts planned for 2011 and beyond.

For the first time in our 100-year history, your financial donations will be matched - dollar-for-dollar - until we meet the more than \$400,000 available through these new matching gift commitments. Any gift you donate to the challenge goal will DOUBLE IN VALUE and have TWICE THE IMPACT. Your \$50 gift will double to \$100 to support vital Pioneers programs. A \$100 gift will double to \$200, and so on.

From our earliest beginnings, Pioneers have identified and seized opportunities to make the world better by making a difference in peoples lives, one person at a time. Imagine how many lives we can change when we combine our donations to the challenge with the generous matching dollars, and channel them into our vital community service projects.

Please help us rise to the challenges of tomorrow - today! Be sure to make a Centennial Matching Gift Challenge donation online at www.pioneersvolunteer.org/donations. Or you can mail your gift to the central Member Services P.O. Box address provided in your newsletter.

pioneers leadership insight

Fellow Pioneer,

As we look to our Centennial year, it is exciting to see more ways than ever for all Pioneers to participate -- and make a difference. From the Centennial Rewards and Recognition Program to the One Day International Project to the Centennial Celebration in Boston, there are countless opportunities for you to get involved.

I encourage everyone to make use of VolunteerNow! to discover projects in your community. Once you participate in a project, be sure to record your hours. In 2009, Pioneers logged 15.5 million hours or \$325,175,000 worth of service to communities across North America.

Another option for participation includes our direct mail program, which enables members to express their support of volunteerism through their financial contributions. This financial generosity greatly enhances our ability to make a difference in our communities.

I encourage each of you to be a SPARK for Pioneers during our Centennial year. Make a commitment to make a difference -- and get involved!

Yours in Pioneering,

Marty Lee
