Taking on Hunger Across North America

When a fierce blizzard hit the northeast coast in 1888, Angus Macdonald and his co-workers not only kept the lines of communication open between Boston and New York, they also trudged through the snow to bring food to travelers stranded on a train.

In that Pioneering spirit of service in our 100th year, we're planning a Pioneers International Centennial Project focused on hunger that will unite Pioneers across North America and fulfill our mission to effect immediate, tangible change in our communities. Hunger is increasing at an alarming rate and today one in eight people can't afford the food and groceries they need - a 50% increase since 2006. And hunger is especially prevalent among children.

As part of the Pioneers Centennial year, we will be encouraging all Pioneers units to participate in a fall weekend project to address the acute hunger issue - whether it be holding a healthy food drive, volunteering at a soup kitchen or delivering meals to ill or elderly shut-ins - the Pioneers International Centennial Project will underscore the need for nutritional foods that provide hungry people with healthy, balanced meals. As the year progresses, we will be sharing more details with you as they become available.

letter from the chairman

Dear Fellow Pioneer,

Thanks to the enthusiasm and commitment of members like you, Pioneers has reached our landmark Centennial Anniversary - 100 years of sharing the rewards and fellowship that come with volunteering to make a difference. We have achieved a century of making a positive, tangible impact in our communities and count on the Pioneers spirit to ensure that our highly valued work continues into the future.

Throughout the year, we will be celebrating our Centennial in countless ways. There will be an opportunity for everyone to participate in our first-ever Pioneers International Centennial Project and help ensure that families across the United States and Canada have access to nutritious food. (Highlighted in our cover story.)

There is an opportunity for each of our members to make a special Centennial gift to celebrate this momentous occasion. In addition, each gift you make will add up to special commemorative rewards that were developed to recognize your role in helping us reach this important milestone and inspire your continued participation to help us ensure the Pioneers legacy continues for many generations. (Learn more about how to make your special Centennial contribution in the Fundraising Update section inside.)

The telecommunications industry has made an everlasting impact on the lives of people. It continues to make an impact as it grows and changes every day. The same is true of Pioneering. You and your fellow Pioneers accomplish great things because of your commitment to making life better for the people of your community. That's a fact you should take great pride in. Just think of how many hearts we've touched through the past 100 years and how our own lives have been enriched in the process.

As we all come together during the Centennial, I want to say thank you to each and every one of you for the part you played in this momentous occasion. I look forward to celebrating with you!

Yours in Pioneering,

Jim Schmit

Dear Pioneer,

I would like to extend a sincere thank you to all Pioneers in the United States and Canada. Your dedication and commitment to serving your local communities is extraordinary and inspirational. As we enter 2011, our Centennial year, the magnitude of what we have accomplished is amazing. Now that we have reached our Centennial, I want to encourage you to participate in this exciting milestone. Pioneers will be celebrating the Centennial by participating in an International Centennial Project - watch for details in the coming months. We are also planning to continue our focus on projects that make a difference in our hometowns and increase our impact in local communities.

I want to thank you again for everything you have done to lead us into our Centennial year. Members like you make a difference every day and I encourage each of you to be a SPARK for Pioneers during our Centennial year. Make a commitment to make a difference -- and get involved!

fundraising update Celebrate the Centennial with a Special Gift

As we enter our Centennial year, Pioneers across North America will join together to celebrate a truly momentous occasion - 100 years of fellowship, loyalty and service. The dedication and willingness to meet the needs of our individual communities through projects such as providing food for hungry families, park clean-up efforts, literacy programs for children and comfort kits for our soldiers overseas are just a few of the ways that Pioneers make a difference.

With the Centennial upon us, there is a once-in-a-lifetime opportunity for each and every Pioneer to make a special Centennial gift to celebrate our history and provide the support that is needed to continue the volunteer projects that truly make a difference in our hometowns.

From our earliest beginnings, Pioneers have identified and seized opportunities to make the world better by making a difference in peoples lives, one person at a time. Imagine how many lives we can change - imagine how many communities we can make stronger - when we each give a special Centennial gift.

The Centennial also provides a great opportunity to make a financial contribution even more meaningful with commemorative and memorial gifts.
